

Pass Academy Live Ball Cats

	<p>BOBCAT (BC)</p>	<p>Learning to judge where the ball is going and how to move on the court. Can sustain a short rally of slow pace with other players of the same ability. [2.5 range]</p>
	<p>CHEETAH (CH)</p>	<p>Fairly consistent when hitting medium-paced shots. They are still learning to follow the ball and to be ready for the next shot. Improving consistency of FH volley; inconsistent BH volley; has trouble with low & wide shots [2.5 - 3.5 range]</p>
	<p>LION (LI) (P-LI)*</p>	<p>Follows the direction of the ball with a partner; moves forward consistently; quickly moves in rotation. Ability to cover wide shots; uses proper footwork; ready for next shot. Can direct FH volleys; controls BH volley but not offensively and may struggle with low wide volleys. Developing doubles teamwork; able to lob defensively. [3.5 range] *Prime is for the tiptop of players, super close to the next cat level.</p>
	<p>PUMA (PU) (P-PU)*</p>	<p>More aggressive footwork; good court coverage, consistent forward movement to the net. Can direct FH & BH volleys with some offense, and improved handling of low and wide BH volleys. High consistency with approach and net shots; strong doubles teamwork. Quick court coverage with deep overheads; consistent overhead on shots within reach. [High 3.5 - 4.0 range] *Prime is for the tiptop of players, super close to the next cat level.</p>
	<p>TIGER (TI) (P-TI)*</p>	<p>Very good court coverage; evident doubles teamwork; always following the ball. Makes & follows aggressive shots, and can finish off shots often. They can direct the ball with consistency and depth. They have some specialty shots; poaches. Runs down lobs and returns aggressively. [4.0 range] *Prime is for the tiptop of players, super close to the next cat level.</p>
	<p>PANTHER (PA) (P-PA)*</p>	<p>Sound footwork; excellent court coverage and movement. Uses tactics according to opponent; up at the net playing offense as soon as possible. Consistently aggressive at the net; puts away all high balls; always using doubles strategies. Properly transfers weight into volleys without swinging. Intelligent shot selection. [High 4.0 - 4.5 range] *Prime is for the tiptop of players, super close to the next cat level.</p>
	<p>JAGUAR (JA)</p>	<p>Excellent shot anticipation; can vary strategies; always at the net attempting to take charge. Hits most volleys with depth, pace, and direction; can consistently put away volleys to end the point, Often poaches, and has multiple specialty shots. Approach shots hit with good depth, pace, and control; expert doubles strategy. Can handle a mixed sequence of volleys; excellent footwork. [High 4.5 & 5.0 range]</p>
	<p>Pass Academy</p>	<p>Cat assessments are ongoing & players will be notified as cat levels change up or down. Pros advance players who are dominating at their current level. We make great efforts to provide an enjoyable, engaging & challenging environment for all. We request respect for our pros when they are giving feeds & striving for a fast pace of play.</p>
